30 Days of Small Healthy Habits

How to use the list

Do the idea that fits today. Skip any day, repeat a favorite, or stop. A gap is not a failure. lifeZoi does not keep a streak and does not score you. NIH describes habits as cues you can practice, and setbacks as part of change.

Days 1 to 10

- Day 1. Drink water with one meal if a clinician has not limited your fluids.
- Day 2. Put a fruit where you can see it.
- Day 3. Read the Added Sugars line on one package.

- Day 8. Send a message to one person.
- Day 9. Set out one breakfast ingredient for tomorrow.
- Day 10. Stand from a chair once, using your hands if you need them, or press your palms together.

Days 11 to 20

- Day 12. Step outside, or stay in the doorway.
- Day 13. Open and close your hands slowly.
- Day 14. Choose a food you already like instead of hunting for a new product.

- Day 17. Write one sentence about what you want tomorrow to include.
- Day 18. Rinse canned beans and add them to a meal.
- Day 19. Do an easy seated reach.
- Day 20. Leave walking shoes where you will see them.

Days 21 to 30

The practice page can hold a habit you want to keep. The calendar does not mark a blank day as a miss.

- Day 21. Eat one meal without a screen if that feels possible.
- Day 22. Circle your ankles.
- Day 23. Look at a tree, a plant, or the sky.
- Day 24. Wash and prepare one piece of fruit.
- Day 25. Take a slightly longer route, or march while the kettle heats.
- Day 26. Thank someone, including yourself, in one sentence.
- Day 27. Read the first ingredient on a bread or cereal package.
- Day 28. Sit for one minute of ordinary breathing.
- Day 29. Put a chair where a stretch is easy to start.
- Day 30. Pick one idea from this list to repeat. Leave the rest.
